HOTI 2025

IEEE Symposium on High-Performance Interconnects
20-22 August 2025 • Virtual, United States

2025 theme: Interconnect S/W

Advancements in interconnects are incomplete without system software.

HOTI 2025

IEEE Symposium on High-Performance Interconnects

20-22 August 2025 • Virtual, United States

End of the beginning!

- Paper proceedings will be published on IEEE Xplore
 - Early access link (expires Aug 25): <https://bit.ly/4lBoSLc>
- Look out for slides (upon consent) on HOTI event website: <https://hoti.org/program.html>
- Look out for recordings on YouTube (allow ~2 weeks for editing): <https://www.youtube.com/@IEEEHOTI>
- Engage with us!
 - X/Twitter (@IEEEHOTI)
 - LinkedIn (<https://www.linkedin.com/company/hot-interconnects>)
 - Email: info@hoti.org
- HOTI website is the #1 source for general information: <https://hoti.org/>

HOTI 2025

IEEE Symposium on High-Performance Interconnects
20-22 August 2025 • Virtual, United States

Tutorials tomorrow!

- Morning (7A-12P PST)
 - [7-8:30A] Intel: Libfabric Communication Library (track 2)
 - [8:30A-12P] NVIDIA/Jülich: GPU Communication Libraries (track 2)
 - [8:30A-12P] OSU NOWLAB: Practical Distributed Deep Learning (track 1)
- Afternoon (1-4:30P PST)
 - [1-4:30P] OSU NOWLAB: Smart Networking Technologies (track 1)
- Look out for Tutorials Slack channels beginning with:
`#day3-track<>-<start-time>-<tutorial>`
- Questions on tutorials: Slack OR tutorials@hoti.org

Thanks to OC, PC and SC volunteers, sponsor partners, attendees,
IEEE Computer Society and the
broader high-performance interconnects community

See you next year for HOTI33!

Potential sponsors: please reach out early at sponsor@hoti.org
